

JUJU NATIVITY WALL HANGING

Supply List

This beautiful "tile scene" is done as machine embroidered applique with satin stitch finishes plus an embroidered border. You will need to purchase the design online from JuJu Designs. It comes to you in four sizes which range from hoop size 5 x 7", 6 x 10, 7 x 12 and 8 x 8". My sample is the 7 x 12 size which finishes at 30.4" X 23.7".

Your download instructions will include measurements for all of the fabrics. I am listing the colors here with yardage for the 7 x 12" so that you can be planning. Smaller sizes take mostly $\frac{1}{4}$ yd or fat quarters. (I added angel fabric extra)
