These mug rugs are soooo cute! I just fell in love with them when I saw them. They are inexpensive. Today on JUJU they are listed at \$3.60 each. We will make the 5x7 size. If you wish to make a larger size, please reference the instructions. I will have the mug rugs kitted to match what the sample looks like, as well as, printed instructions. The details of the kits are listed below. I will not have extra kits for purchase. You must take the class to get the kits. Please call with any questions, Deborah Morris, 817-925-8756.
