

HUSQVARNA VIKING EPIC HANDS-ON=version 2 and 3 SUPPLY LIST

This hands on class will be a review of some of the basics of your machines, and also may be an introduction to some others. Several folks have asked about some of the basics about feet and techniques, so we will take a look at those. If you have any questions or technique info that you would like to practice, please let me know!

Included: Floating stitches

Patchwork

Projection in Sewing

Pictograms

2025 Quilt Foot of the Month

Programming stitches
