KIMBERBELL "BELIEVE" PILLOW

Embroidery Project Supply List

November 11 @ 10:00

This project is so pretty, and perfect for your holiday decorating or gifts. The original design is 10 5/8 X 16, which is larger than some machine hoops, but I have reduced it to 8 X 12 and stitched out a sample—and anything in between, such as 9 X 14 will work for you.

I stitched a sample on denim, and if you want to stitch on a piece of fabric, have SF101 for backing plus a stabilizer. The project was designed for the Kimberbell pillow cover, available in green, navy or tan.+ a pillow form 12 X 16

Bring: Embroidery Design by Kimberbell—available at RSC or online

USB with design loaded or bring to load

Embroidery machine with embroidery unit and power cord

-Hoop (magnetic works great) for your size, no smaller than 8 X 12"

-Mesh cutaway for your hoop (SF101 if using fabric)

-Kimberbell pillow cover or Fabric piece larger than design size

-Fabric pieces for the lettering (this is an applique), hat and band

-Fabric for leaves and ornament

**I like to back fabrics with fusible web or spray sizing

-Threads for embroidery—refer to the photos here

-Bobbin with lightweight thread (pre-filled is fine)

-Small very sharp curved scissors for trimming applique

-Good embroidery needle 90/14 preferred

*If you plan to use any metallic thread, have a metallic size 14 needle and Sewer's Aid lubricant
