Wash Away Stabilizer-mesh

Mesh Cut Away Stabilizer-Power Mesh

Water Soluble Topper

Flexifoam—available in the fabric dept at Richland

Base fabrics 5x5"

Assorted Felt colors (I used red, green, pink, flesh, rust, orange, gold, white, brown, black, light blue)

Sewing Notions: applique scissors, small snips, tape, craft glue, etc.

Regular Jar lid and liner

1/8" ribbon (if you wish to convert to an ornament)

When Kimberbell first came out with the Holiday Jar Toppers, I said I wished they would design them for other holidays. WELL, THEY HAVE!

These designs are 3D. Which means the 3D part is embroidered on wash away stabilizer and then added to the jar topper base in a second hooping. These jar toppers can easily be converted into an ornament by adding a backing and ribbon. They are all made with bits of felt and fabric.

I can have kits available if you want to purchase them. You will need to call or text me at the following number with your names and the kit(s) you would like, The kits are \$3.00-\$5.00, each.

They will include the jar lid.

Please call with questions or requests, Deborah Morris, 817-925-8756.
