

Never used your **Snap Hoop Monster®** hoop? This class is for you!
Don't own a Snap Hoop Monster? Want to try before you buy? This class is for you!

We will do various hands-on activities using the Snap Hoop Monster® magnetic hoops. (Magnetic hoops from other manufacturers will not be discussed.)
This is not a project. This is practice using this hoop and any stitching is practice only.
Aine will do several demonstrations on hooping other items and show the DIME Sticky Hoop.

Knowledge or skills needed: Basic Embroidery Machine use.

Activities:

- Learn how to calibrate and apply the Adhesive Guides to the hoop. If you have not done this for your hoop(s), bring them to class. If you need Adhesive Guide replacements, contact Richland to special order.
- Learn to hoop a terry cloth towel and practice loading and unloading the hoop. No stitching.
- Learn to prepare and hoop a T shirt. No stitching.
- Hoop a quilt sandwich and quilt several areas with your embroidery machine. (Stitching)
- Hoop and stitch a design on a plush fabric (Stitching on red polar fleece)

Supply List for Students to Bring:

- Embroidery machine with power cord, embroidery foot, embroidery module.
- USB stick to transfer files – empty: no files, no photos
- Embroidery needles: Size 75/11
- Embroidery thread (40 wt. polyester) Colors: white, neutral, red.
- Bobbin with white embroidery bobbin thread (pre-wound is fine)
- Sewing notions: temporary fabric makers, scissors, small ruler, tweezers, etc

For the **workshop activities:**

- Terry cloth towel (hand towel/ wash cloth). Won't be stitched, so raid your linen cabinet.
- Light-weight or medium wt. tearaway stabilizer: approx. 8 x 12" piece
- Batting: approx. 24" x 24" Use leftovers –sew/tape scrap pieces together to get the size!
- Backing fabric: approx. 24 x 24". Solids/tone on tone. Use leftovers – this is just practice.
- **Snap Hoop Monster** brand magnetic hoops:
 - 5 x 7" or equivalent size (120 x 120mm)
 - Optional: larger hoops such as 8 x 8" , 8 x 12" 9.5" square
 - Any or ALL of your magnetic hoops for calibration and practice – bring a piece of tearaway OR non-mesh cutaway to fit each hoop you need to calibrate

Richland has a limited number of 5 x 7" magnetic hoops for class use, but they are only compatible with Brother machines
