- 2 cones stretch serger thread or regular thread- if using a serger for loopers
- Clips/Pins – ballpoint for knit
- Sewing machine
- Scissors
- Ballpoint needles
- Tape or glue stick

The 24/7 Top pattern is perfect for anyone who loves to look fabulous and on trend, but be completely comfortable at the same time!

This pattern is most successful when 50%, 4-way stretch knit fabrics with good recovery are used for the Bodice Front and Back Top pieces and the neckband. Bodice Bottom pieces can be made using woven fabrics if desired. If the fabric has much more than 50% stretch, the garment may fit looser and appear less structured.

Hobby Lobby has a wonderful selection of narrow ribbed knits in lots of colors—that's what is used on the sample.

1 Yard of the knit will be enough. The woven also needs 1 yard
