

# EMBROIDERED CHENILLE TRIVET

## CLASS INFORMATION AND SUPPLY LIST

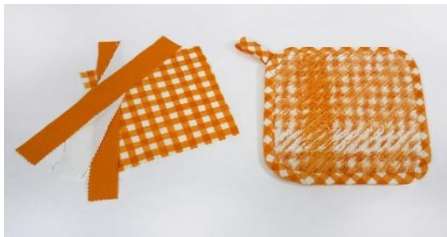

Aine McCarthy

Faux Chenille Trivet #316

August 15, 2025

**Use your embroidery machine to make a trivet featuring a faux chenille texture.**

Matching plaid towels are offered in a separate class.

### Supply List

- Design Fee \$2.00 for two designs - Cash only, payable to teacher.
- USB stick: 2GB or smaller, containing no other designs or files.
- Hoop: Standard hoop at least 8 x 8" square. (9.5" sq, 10.5" sq, 8 x 12", 9.5 x 14" all OK). Magnetic hoops or sticky hoops are not suitable.
- Stabilizer:
  - One piece of **Medium Tearaway** large enough to fit your hoop
  - One piece of **No Show polymesh** to fit your hoop.
- Water soluble topser 9 x 9" piece
- Special notions if you have them: chenille cutter, fray brush
- Notions: Small ruler/tape measure, temporary fabric marker, pins or sewing clips

### Fabric:

- Three **IDENTICAL** 10 x 10" squares of fabric that will be the chenille. For prints, fussy cut so the pattern is identical on all three squares.
- One 10 x 10" square for base fabric. Solid, coordinating color. Can be same fabric as used for the back
- One 10 x 10" sq fabric for back of trivet. This will be quilted separately from the chenille.
- Two pieces of cotton batting 10 x 10" sq
- OPTIONAL: 1" x 10" strips of contrast or coordinating fabric for accents – this can be the same as the base or back fabric.
- OPTIONAL: 9 x 9" sq of thermal material (such as InsulBright)
- Binding: Bias strip 3.5" x 36". Can be same or coordinating fabric
- Hanging Loop: cut one piece of binding fabric 6" x 4"

### Machine:

- Embroidery machine with embroidery arm and power cord
- Embroidery foot
- Embroidery needle 75/11 Sharp point preferred.
- Embroidery bobbin with thread (pre-wound OK)
- Embroidery thread (polyester) color appropriate for fabric color palette.

NOTE: Trivet assembly and binding is done in sewing mode. Bring sewing thread, sewing foot, machine needle and other machine accessories for the sewing functions.

If you prefer to do the binding at home, that's OK too.
