Cut N Stitch Software Class
Class # _____
Aug 18, 2026

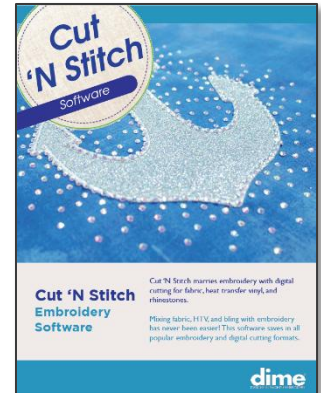

Continuing our work with Cut N Stitch software we will focus on creating text for embroidery designs.

Pre-class homework:

1. Read Section 8 The Text Tool in the Cut N Stitch User's Manual
2. Optional: download and **INSTALL** your choice of free TrueType fonts from internet sites (search "free fonts") to be used in the class.

Supply List:

- Laptop computer, power cord
- Mouse and **MOUSE PAD (the mats in the class room are not "mouse friendly")**
- Cut N Stitch software installed, activated **and updated** on your computer. We will not be able to load software in class.
- USB stick 2 GB Empty -- Has no other files or pictures
- Optional: Notebook to take notes

If you don't have the software but want to see it work, download the free Embroidery Tool Shed at <https://oesd.com/software> and come to class! This allows you to get a trial version of Cut N Stitch software for class.
