

EMBROIDERY 101

Supply List

This is a class to “get you started” or more comfortable with your embroidery machine. We will talk about and “touch” software ideas and formats, hooping, threads and bobbins, stabilizers, placement and more. The fabrics, stabilizers needles and threads will be provided at the class. You will receive a printed handbook summarizing the class to take home.

Bring: Embroidery machine with power cord, embroidery unit and embroidery foot (if you are not sure which is the correct one just bring them all!)

- Hoop(s) 5 X 7 or 6 X 9 is best but we will work with any except the super large ones (not magnetic hoops for this class)
- Empty bobbin (just in case)
- 2 gig USB stick-empty (available here at the register)
- Small scissors

There are several embroidery classes on the schedule for this quarter including: Blanket Stitch Applique, Ruler Work, Embroidered Quilt, Beauty Bag, Quilt with Embroidery and Edge to Edge. We offer a variety each quarter to get you “experienced”!
