

Scrappy/Mini Landscape

Supply List

Class Sept 1 @ 10:00

On class day we will try to finish the panel and start quilting before time to go home.
You will need to bring usual sewing supplies such as:

Sewing machine
Small rulers
Small cutting board
Rotary cutter and scissors
Pins
Small iron and ironing pad (if you have one)

For the project itself bring:

Double sided fusing or glue stick that can be sewn through easily (Whichever one that you are comfortable using)
Batting (13" x 16")
Backing fabric (13" x 16") I like to use the same backing fabric for binding.
Fabrics to use for the colorful, sunset sky-I used 7 different solid colors and matching threads.
Cut each sunset fabric approximately 12" x 7" or a bit larger.
Black fabric and black thread for silhouette shapes such as trees
Miscellaneous fabrics for mountains, roads, water, rocks, or foliage

Patterns will be distributed in class. No homework before class starts!

Watch for a scrappy leaf or fall scene next quarter!!
