

DESIGN CENTER WORKSHOP

SEPTEMBER 5, 2026

This class will “play” with Design Center features including applique, matching movements (such as Edge to Edge), Stitch adjustments, programming, fills, scans, downloading and more. We will do a small amount of stitching but mostly screen work. If you have suggestions for a project you would like to work on, please let me know—I want to teach what you want to learn!! (Jeannie)

Bring: Brother embroidery machine with Design Center feature

- Embroidery unit and embroidery foot
- Power cord
- Hoop & stabilizer—9 to 10” hoop (tearaway)
- Embroidery bobbin and embroidery bobbin case
- Embroidery threads in several colors
- Embroidery needle (90/14 or 75/11)
- Mouse or stylus for screen use
- Scanning mat if available
- USB--**clean** for transfers

Photo shows some of the fun features of Design Center!
